“Geronimo” takes place at the end of the Indian Wars, near the close of the nineteenth century. Here, desperate times catapulted a controversial character to the leadership of an Apache band. To angry whites, Geronimo was an archenemy, the perpetrator of the unspeakable savage cruelties. To some Apaches, he was a stubborn troublemaker whose actions needlessly brought the enemy’s wrath upon them. To his supporters, he remained the embodiment of proud resistance, leading the last Native American fighting force to surrender to the United States government.
